

Expo Leads Mobile: Android and iPhone compatible mobile app downloads to your device and uses the camera to automatically save and collect leads. Features include qualifiers, surveys, notes, and immediate follow up with text, email, or phone call right from the app. Leads sync online with a data connection and are available to download into a conveniently organized excel document.

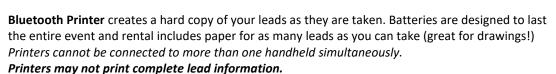

The mobile app online management instructions, company specific log-in, and activation codes are sent approximately 2 weeks prior to the event. Online portal allows the main contact to set up custom surveys and/or qualifiers and apply to all devices. The contact can also download leads from all devices in a single document or separate by Name or Device name (entered when activating on mobile device). App and activation require an internet connection, but once set up the app can be run in offline mode. Codes consumed on a device are non-transferrable. Additional activations are available for a fee.

AT725 Handheld Badge Scanner:

Simple, no nonsense, 1 button badge scanning. Either button activates the dedicated laser scanner optimized to read event barcodes and automatically saves the lead to the device, all in less than a second. The full touchscreen displays the last lead taken and includes functionality to scroll or search previous leads. Users can also select preset qualifiers or add personalized notes to each lead. Devices are equipped with high-capacity batteries and do not require internet or power during the event. Available for pickup at the lead desk during setup hours.

Leads taken on the device are stored locally and emailed to the main contact after the event has ended. Onsite attendee registrations may not display complete information on device. Full attendee information will be reconciled when emailed at the end of the show. Unit can optionally be programmed with custom qualifiers and/or sync'd to a Bluetooth printer to assist your booth staff gather leads or manage drawing.

Virtual Totebag - Upload documents to our online portal to forward to attendees as you scan badges on the exhibit hall floor. Create a custom email template and add any number of flyers, images, or web links so you can send each lead the targeted information they want. Set up links included in your email confirmation and can be modified even while onsite.

Custom Qualifiers - Organize your leads without typing notes. Setup products, a call to action, or priority to help your team follow up and turn leads into sales! See qualifiers sheet for more information.

Damage Insurance - Replacement can cost up to \$2,000, but insurance will cover any damage to the rental unit(s) during the event, no questions asked. Just bring back the pieces. 1 fee covers all devices rented.

Damaged unit must be returned for insurance to apply. Lost devices are not covered.

Barcodes are encrypted. A developer kit is required to use third party software

Our developer kits utilize the badge ID number of the attendee and an API that allows third party software to pull attendee information in real time. Kits are confirmed and sent out 2-4 weeks prior to the event once badge fields have been confirmed.
